MURPHYS IRISH day 2023

Please check in with us at the Native Sons Hall about 10 minutes before your shift starts.

Thank you for volunteering, we really couldn't do this without all of you. The most important thing to keep in mind is the safety of our community, event attendees, participants, vendors, volunteers, and others. Our second priority is making the entire event as enjoyable as possible for everybody.

Helping keep the event area clean is an important part of making the event safe and enjoyable and it's all pretty straightforward. We will have the cans set up and placed in the center of the street at regular intervals when your shift begins. There will be can liners already staged in the cans so you can just pull that bag up when you remove the partially full one. And we recommend that you empty the bags when they are no more than ½ full if you can. We have dumpsters located along the length of Main Street and you can just toss the bag in whichever is closest to you.

Depending on how busy it is, you may not need to empty the cans very often or it might be they fill up quickly, particularly in the center of town and near the food vendors. If you have the time and can pick up random trash and pull down No Parking signs and recycle them as you go, that would be great, but don't both if you feel like just keeping up with the trash cans is plenty to do.

The organizers will also be helping keep an eye on the trash cans and emptying them as we notice them filling up.

When is the Volunteer Party?

Please join us at our volunteer party that celebrates you and our sponsors on Thursday, March 23rd at 6:00 pm at the Newsome Harlow Tasting Room at 403 Main Street. We'll send you a reminder after the event.

Thank you for your help!

Don't hesitate to radio the volunteer desk if you have questions or need help during your shift.
